MIND17 Hardware Specifications

CPU: Intel Core i5-12400F
6 cores, 12 threads
Up to 4.4GHz Max Boost

GPU: NVIDIA GeForce RTX 4060
8GB GDDR6 VRAM

Memory: 16GB DDR4 3200MHz RGB
Upgradeable

Storage: 512GB NVMe SSD
PCIe Gen3x4

Motherboard: Colorful H610I Smart
WiFi V20
Socket: LGA1700

Power Supply: 650W
80+ Certified (EU Standard)

Perfect For

AI Model Training & Fine-Tuning

Computer Vision Development

Natural Language Processing

Edge AI & Embedded AI
Prototyping

Research, Education & Innovation
Labs

Full-Stack Software Engineering
